BRAND GUIDELINES

A confident, contemporary identity for Bengali learners building a practical path from zero Japanese to Japan-ready.

VERSION 1.0 / 2026

NIHOMI.COM

From zero Japanese to Japan-ready

Nihomi turns a complex learning journey into a clear, motivating system built for Bengali students and professionals.

01

Purpose

Make Japanese learning practical, approachable and connected to real life in Japan.

02

Promise

One guided pathway from kana fundamentals to JLPT N5 confidence and work readiness.

03

Difference

Bengali-first explanations, always-on AI support and hands-on simulations in one platform.

CORE IDEA

Learn clearly. Practise daily. Arrive ready.

A bridge between ambition and everyday Japan

AUDIENCE

Bangladeshi

Bangladeshi learners preparing for study, work and daily life in Japan.

POSITIONING

A

A modern Japanese learning OS combining curriculum, AI guidance and practical readiness.

VOICE

Visible progress toward JLPT N5, stronger listening and confident real-world interaction.

PROGRESSIVE PRACTICAL HUMAN TECH-ENABLED

A clear mark for forward progress

The wordmark is the primary signature. The rising emblem can stand alone when space is limited.

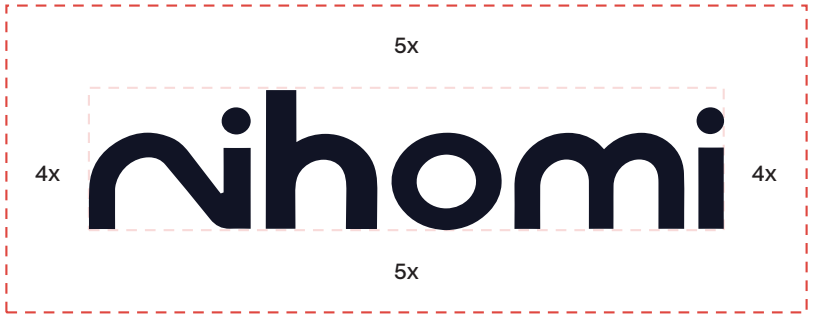
PRIMARY WORDMARK

Use the complete signature whenever the tagline remains legible.

EMBLEM / APP ICON

Use at small sizes, avatars and compact UI placements.

Protect clarity and recognition



Clear space = height of the lowercase i dot (X)

MAXIMUM SIZE

120 px digital

MINIMUM SIZE

28 px digital

Always scale proportionally. Never redraw the mark.

Consistency builds trust

DO NOT STRETCH

DO NOT RECOLOR

DO NOT ROTATE

DO NOT ADD EFFECTS

DO NOT CROP

DO NOT APPLY TEXTURE OR PATTERNS FILES

Rooted in focus, warmth and momentum

Deep ink creates confidence, washi cream brings humanity, and lacquer red signals action and progress.
